-> var Resume=

With over **6 years developing software** and more than **4 years designing, building & improving infrastructures**. I had the oppportunity to work with different technologies such as **Blockchain, IoT, Videogames & AI**. I have also obtained strong skills in programming languages such as **JavaScript, TypeScript & Python** as well as **Amazon Web Services** as a cloud provider and related SRE technologies such as **Kubernetes, Terraform, Ansible & Gitlab**. As a result, I have developed a comprehensive understanding of the entire software ecosystem.
If you have a **complex challenge** or a **security concern**, or if you are looking for a **multidisciplinary person** who can solve any kind of issue, then we are a perfect match 🫧.

-> var Experience=

Mindcurv (Consultancy) (Jul. 2022 - Present)
